***Reason for Allowance***

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Vangelis Economou on 1/24/04.

Please cancel claims 12-21.

2. Claims 22-32 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. 5506925. The improvement comprises as follows:

Claims 22 and 32 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious the material in contact with the waveguide containing an opaque layer disposed the waveguide and interposed between the surface of the material and the waveguide so as to minimize photosensitive alterations in the area of the waveguide in combination with the rest of the limitations of the base claim. Claims 23 and 25-31 depend on claim 22 and therefore they are also allowed.

Claim 24 is allowed because the prior art of record, taken alone or in

Art Unit: 2877

combination, fails to disclose or render obvious the contact area between the waveguide and the substrate defining an interface, the substrate being arranged to absorb the predetermined waveguide of light to cause localized heating at the interface, wherein the substrate is arranged to transfer at least some of heat to a region of the waveguide at the interface in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
